Application/Control Number: 10/509,363

Art Unit: 1746

- 1. Claims 4-7 and 10 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim cannot depend on another multiple dependent claims. See MPEP § 608.01(n). Accordingly, the claims 4-7 and 10 are not been further treated on the merits.
- 2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 3. Claims 1-3, 8 and 9 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by either UK.511 (United Kingdom 2,189,511) or EPO'115 (European Patent Office 0 219 115).

Re claims 1-3, 8 and 9 UK'511 and EPO'115 are each cited disclosing a torque transmitter (4 in UK'511 and 45 in EPO'115) with the same being embedded into the rear wall of the drum and produced as a single piece.

- 4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. In EPO'554, Rode et al., Park et al., Wada, Germany'516, UK'881, Durazzani et al., note the plastic tubs.
- 5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to FRANKIE L. STINSON whose telephone number is (571) 272-1308. The examiner can normally be reached on M-F from 5:30 am to 2:00 pm and some Saturdays from approximately 5:30 am to 11:30 am.

Application/Control Number: 10/509,363

Art Unit: 1746
